

## Important Upcoming Events:

1. We are looking for 4 more families to host our China Sister School Hangzhou Students. Mrs. Kao will be hosting an information night on August 20th at 6:30 PM in Ms. Kao's room (Room 142). This meeting will provide families with the following information: hosting Chinese students, meeting other host families, carpool arrangements, and building an international friendship. More information to come regarding the date and time of this meeting.

2. Please join us for the first Parent School Partnership (PSP) meeting of the year! PSP will be meeting on September 13th at 6:30pm. In addition, now is a great time to donate to the **Annual Giving Campaign!** We are asking each family to donate \$60 per student which is vital to enable us to provide student recognition/awards, student activities and academic enrichment. Please donate by visiting <https://westernsierra.rallyup.com/2018-19agc> or print the Pledge form: <https://docs.google.com/document/d/1wwnykEAmxrNMJ-xens8JDakxoGkB642iCy6Ok0Jf4bs/edit?usp=sharing>. ### **All parent volunteers must be LiveScanned and TB tested.**

- **LiveScan** will be available from 12pm to 4pm on Monday, August 13th only.
- We are hoping to have **TB screening** available as well, dependent on volunteer "licensed, certified or otherwise authorized or permitted by state law to deliver or furnish health services". If you qualify to deliver or furnish health services, please see the [sign-up genius](#) link to volunteer. Here is additional information:

### **Who may administer the TB risk assessment?**

Per California Education and Health and Safety Codes, the TB risk assessment is to be administered by a health care provider. The risk assessment should be administered face-to-face.

### **What is a "health care provider"?**

A "health care provider" means any organization, facility, institution or person licensed, certified or otherwise authorized or permitted by state law to deliver or furnish health services. Any person administering the risk assessment is to have proper training in the purpose and significance of the risk assessment and Certificate of Completion.

Please visit [https://www.ctca.org/menus/california-tb-legal-resources\\_1.html](https://www.ctca.org/menus/california-tb-legal-resources_1.html) to access the risk assessment and frequently asked questions.

In addition, if you will be **volunteering to drive students other than your own**, there is a new requirement in which you will need to obtain and submit a DMV driving record as we want to ensure that students are riding in cars with safe drivers. The policy is included in the school handbook for your reference. The DMV driving record may be obtained online: <https://www.dmv.org/ca-california/driving-records.php>.
